

The Classic Yacht Association and the Port of Seattle has again asked the Metropolitan Club to join them for the Bell Street Pier Classic Show featuring the Classic Yacht Association and our own Metropolitans!

Over forty wooden vessels, many of them built prior to World War II, will welcome visitors throughout this Father's Day weekend. This event represents the largest gathering of classic yachts on the West Coast. The yachts will be joined by dozens of classic automobiles (That's US!) that will be on display on the pier.

Walk the Seattle Waterfront, have lunch at Anthony's on the Pier, tour the Maritime Museum, and talk to passersby from the cruise ships. Our cars really get a lot of attention! Grab your lawn chairs and meet us there!
